

Bless the Little Children

At our staff meeting in February I received \$10 cash to "Pay It Forward." It was just over a week later when my opportunity came.

I was at the Walmart in Mt. Pleasant with my 14-month-old girl. We were in the baby department when I ran in to a young mother and her 2-month old baby boy. This young lady had a friend with her and they were discussing how much food to buy for their children. Immediately I reached for the \$10 that I had stashed in my coat pocket for such an occasion. I gave the money to the young mother and she was shocked and pleased. I explained to her that next time she had a little extra that she could "Pay It Forward" and help someone else out in need. She said "Thank you so, so much."

So that "thank you" goes out to you- whomever you are- who started this idea and funded the first round. I plan on looking for more opportunities, as the Lord leads, to help others who are in need. "It is more blessed to give than receive."
