

Volunteer Laborers Needed at West Midland Family Center (Skilled and Unskilled)

Volunteer Opportunity Details:

Are you looking to give back to your community? Do you want to be part of making the West Midland Community a better place for all? If you answered yes, we want to talk to you!

West Midland Family Center is looking for volunteer skilled and unskilled labor, to help construct our new bus maintenance facility. We are looking for volunteers of all skill levels, from beginner to experienced contractors. Four and eight hour shifts are available.

Why a bus maintenance facility? The majority of WMFC's preschoolers, after school program children and summer program children could not attend WMFC's programs without transportation provided by WMFC.

To learn more, please call Helen Roth at (989)832-3256.
YOU CAN MAKE A DIFFERENCE!
