

Annual Water Quality Report (Safe Drinking Water Act, 1976 PA 399, as amended)

The table below lists the drinking water quality compliance information. Unless otherwise noted, the data presented in this table is from testing done January 1 - December 31. Sampling for certain contaminants is done less than once per year because the concentrations of these contaminants are not expected to vary significantly from year to year. All of the data is representative of the water quality, but some are more than one year old.

Facility Name West Midland Family Center

WSSN 2002156

Date 1-27-16

A complete list of what the drinking water is required to be tested for is enclosed. It includes information regarding possible sources of the contaminants, vulnerable subpopulations, the maximum contaminant level allowed or established action level, and possible health effects.

Contaminant Group	Required Samples Collected (Yes/No)	Date of Violation	Meets Drinking Water Standards (Yes/No)	Date of Violation	Sampling Frequency (Monthly, Quarterly, Annually, 3 years, 6 years, 9 years, other)	Date of Last Sample
Coliform bacteria	Yes		Yes		Annually	8-14-15
Nitrates	Yes		Yes		Annually	9-14-15
Nitrites	Yes		Yes		Annually	9-14-15
Arsenic	Yes		Yes		3 Years	10-22-13
Metals	Yes		Yes		9 Years	10-22-13
Volatile Organic Chemicals	Yes		Yes		6 Years	11-29-10
Synthetic Organic Chemicals	Yes		Yes		6 Years	11-29-10
Lead	Yes		Yes		3 Years	10-22-13
Copper	Yes		Yes		3 Years	10-22-13
